

Scatterplot Matrix

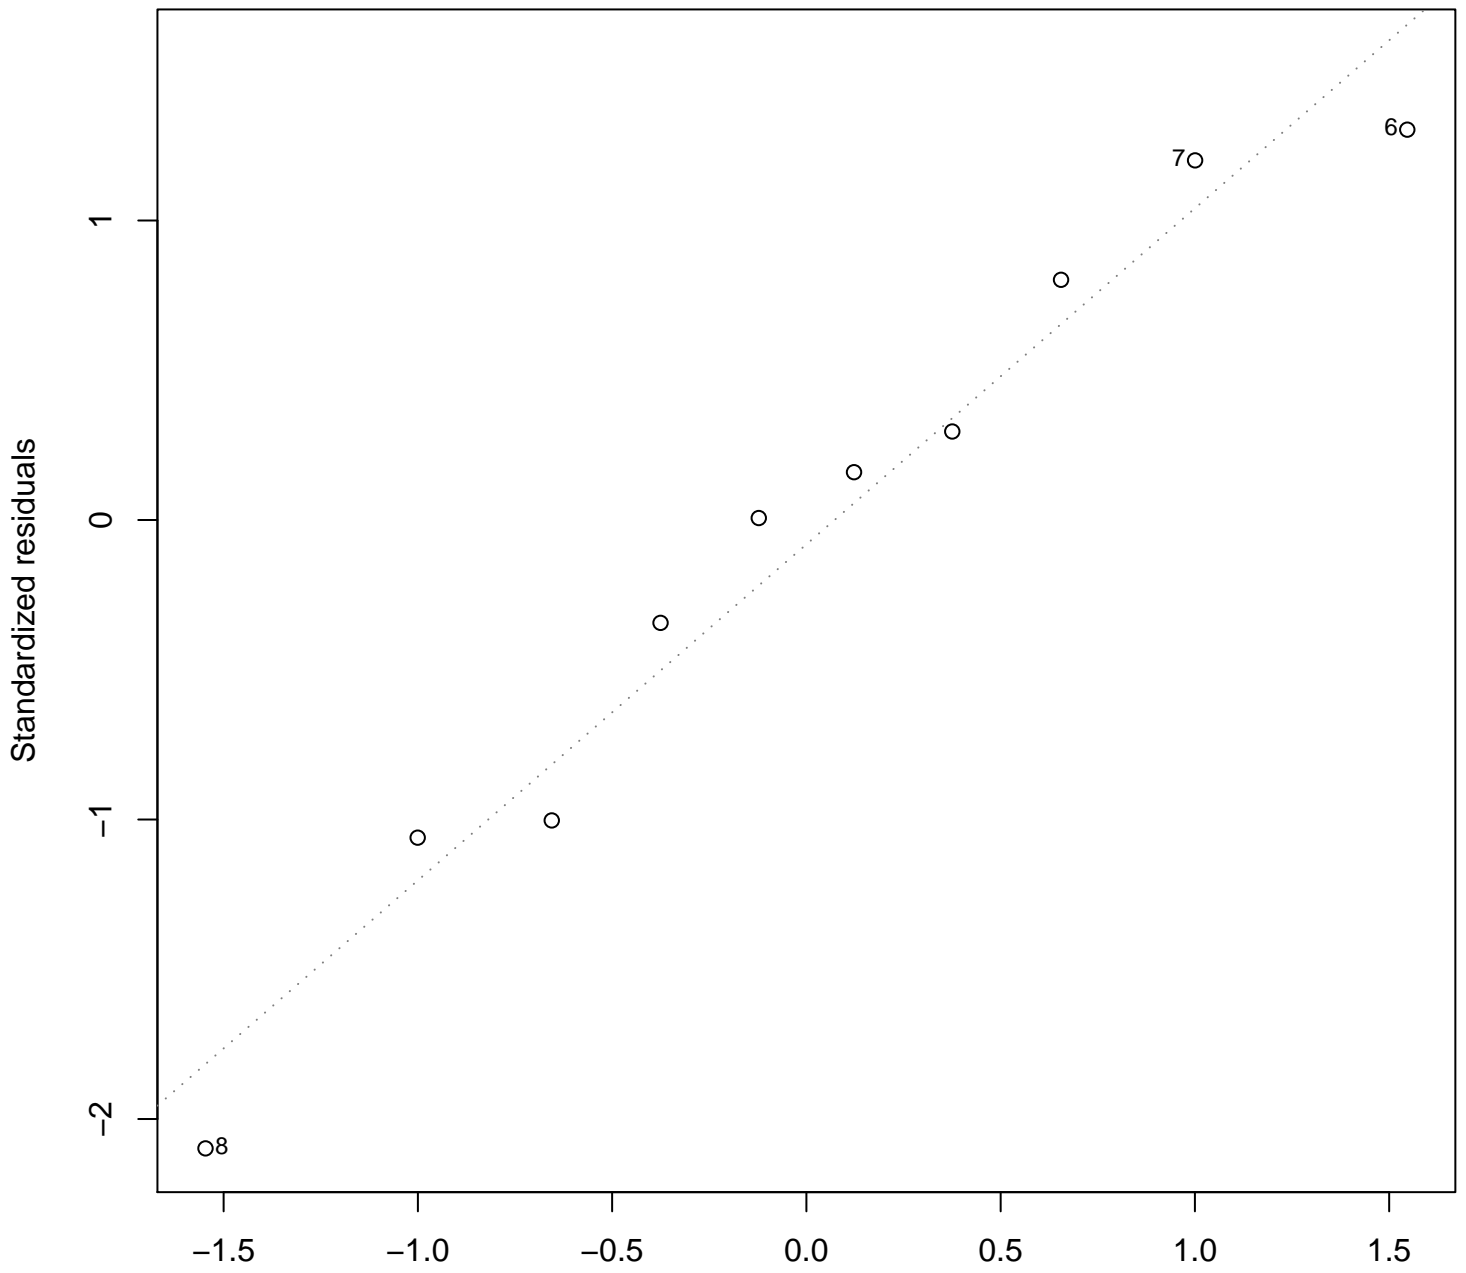

Residuals vs Fitted

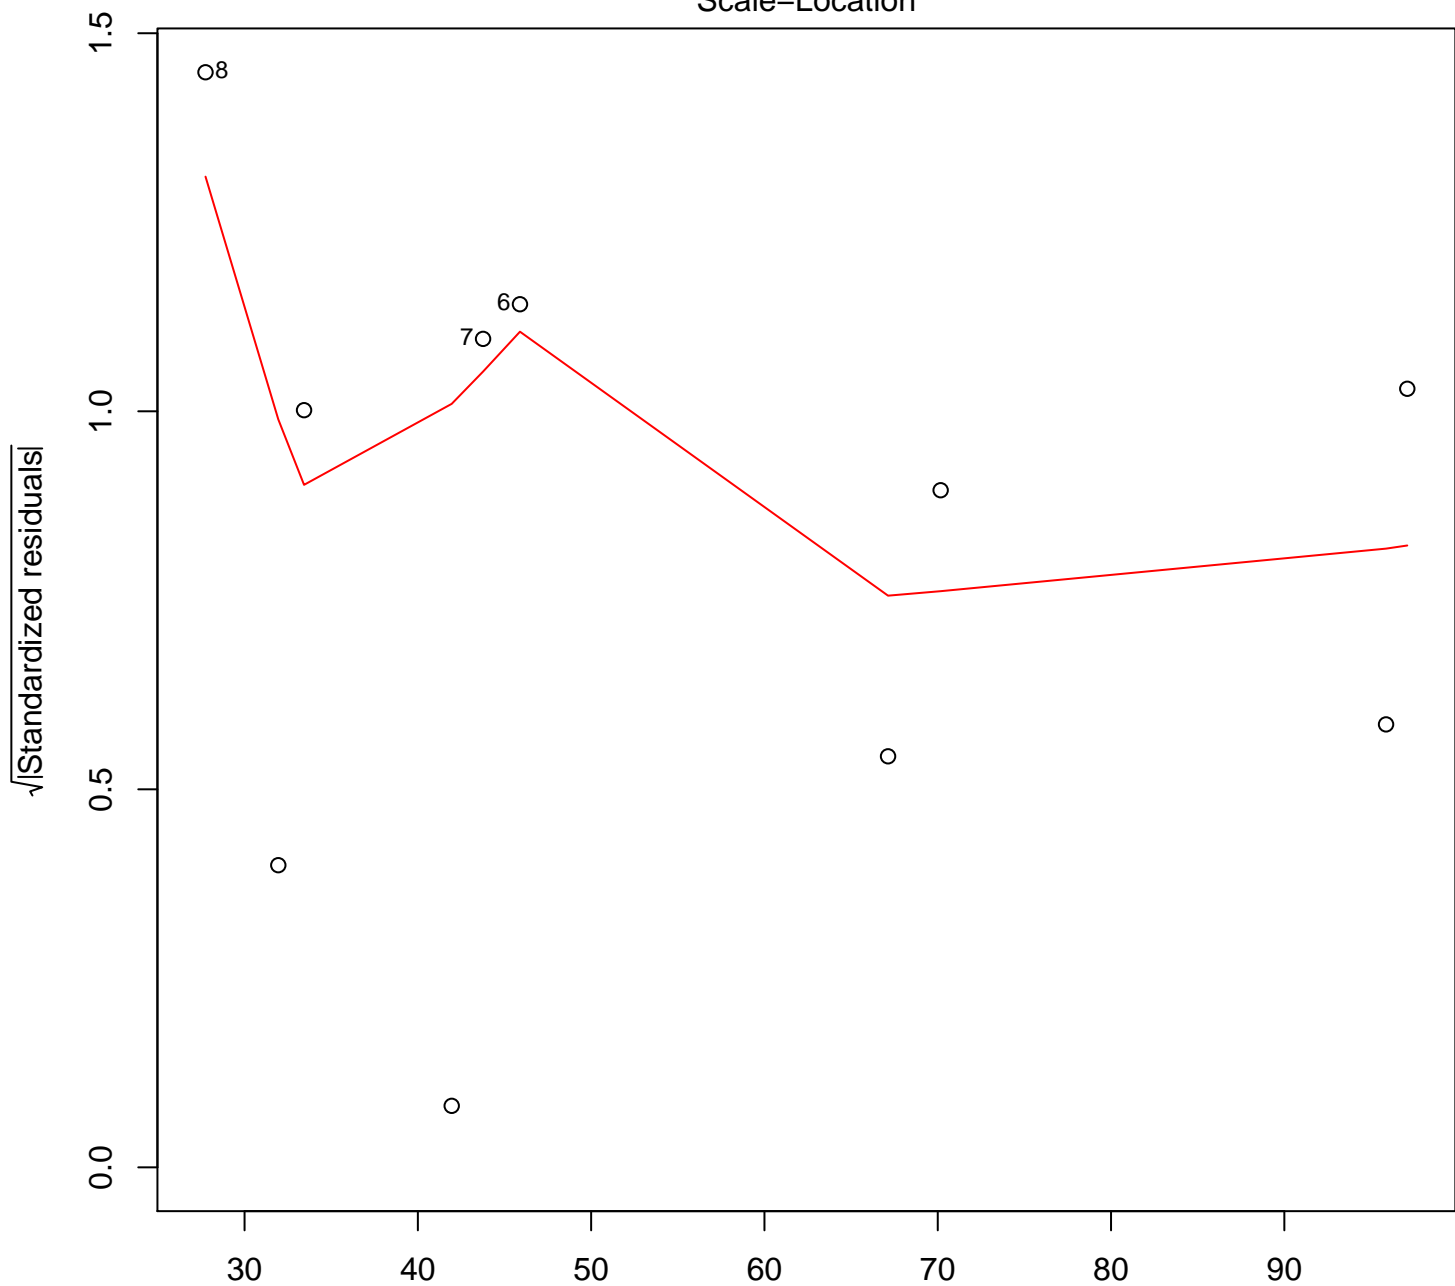

function (formula, data, subset, weights, na.action, method = "qr", model = ...

Normal Q-Q

Theoretical Quantiles
function (formula, data, subset, weights, na.action, method = "qr", model = ...

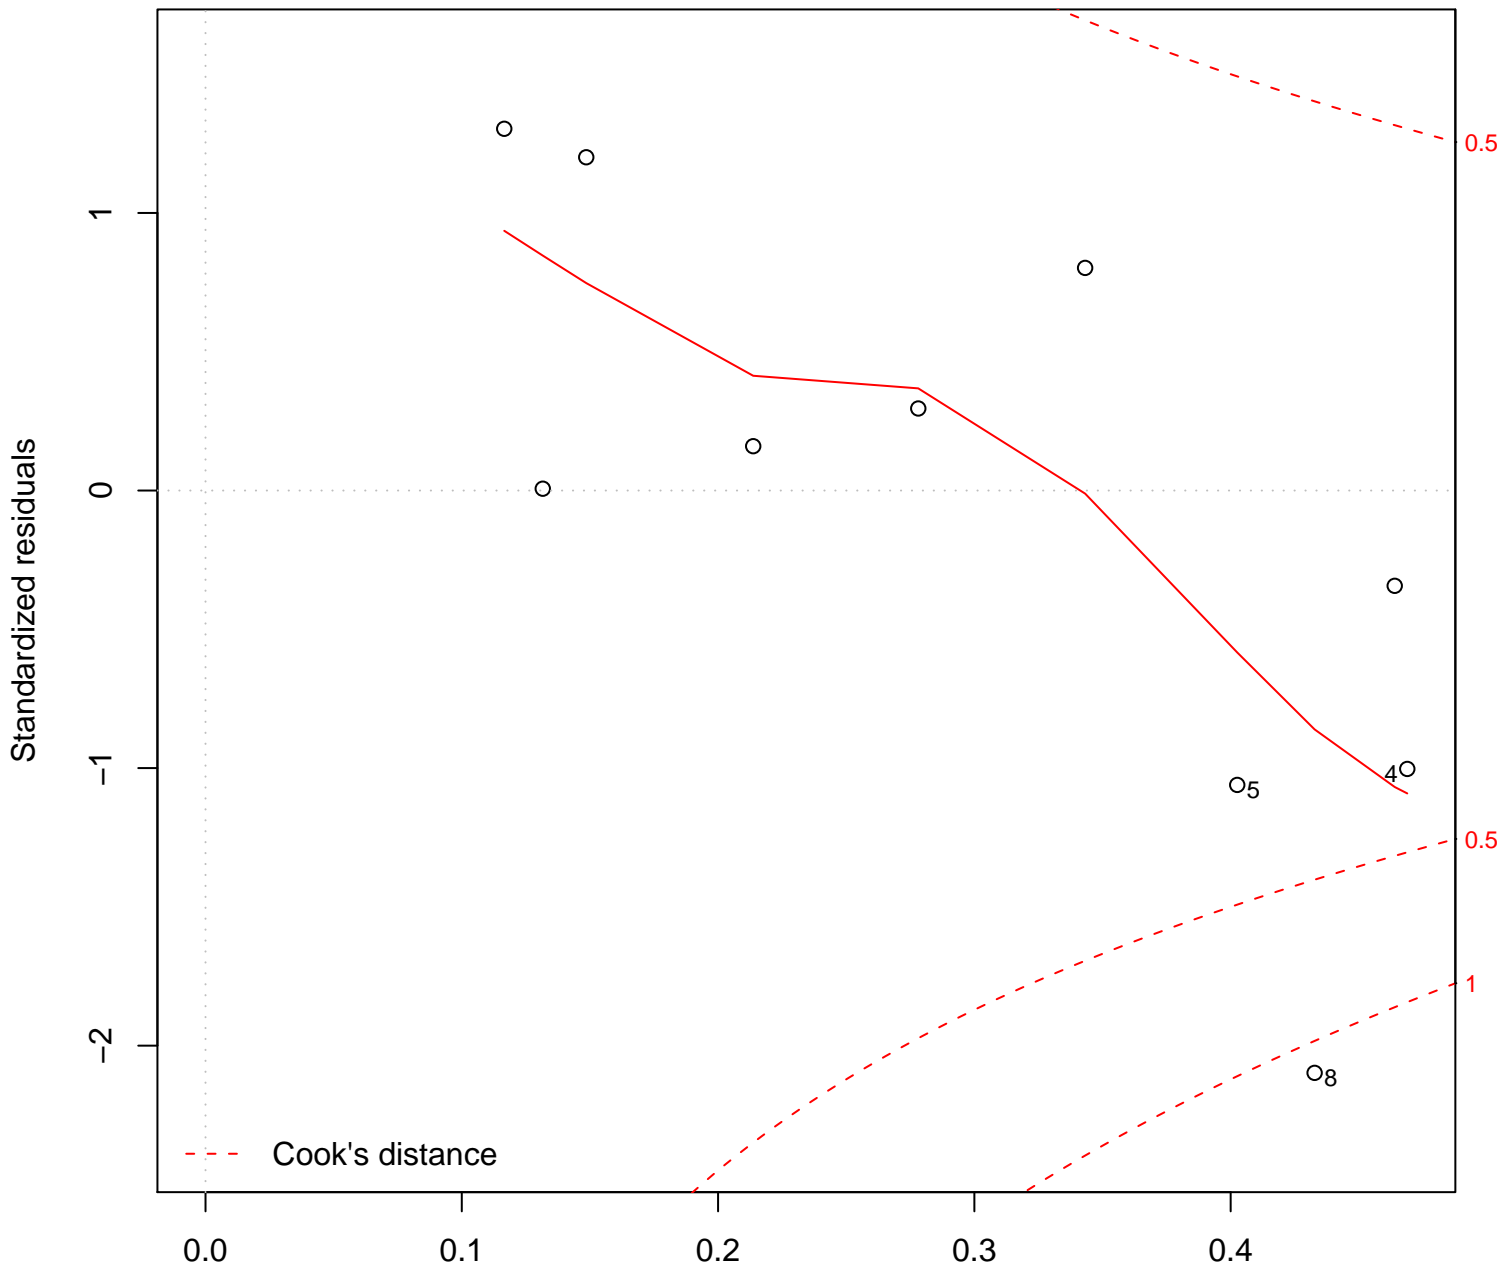

Scale-Location

Fitted values

function (formula, data, subset, weights, na.action, method = "qr", model = ...

Residuals vs Leverage

function (formula, data, subset, weights, na.action, method = "qr", model = ...
